### **The evidence of our story**

Our story was got from a testimony of a woman called Murebwayire which was on you tube from **igihe** tv. The link of the testimony <https://www.youtube.com/watch?v=kEGlz66-Tc8>.

### **The experience**

This project we have done gave us an experience that we didn't think we will gain from this project. Like working in team, building connection between team members, it also gave us an experience on understanding or having more knowledge on what really happened during 1994 genocide that happened in Rwanda.

### **SKILLS GAINED**

- **Some learnt more about editing**
- **Some got experience to acting and video photographing**
- **We learnt to work as a group**

It was a pleasure to work on something that we know is going to play a big role to build and educate the youth about our country's history to be a better future.

### **THE MESSAGE**

The message of our story is that *"we should forgive, life must go on."*
