### **DESCRIPTION ABOUT OUR STORY**

The story is about a young boy who lost his family in the 1994 Genocide in Rwanda.

He struggles to survive on his own in the bamboo forest and later is rescued by the RPF Inkotanyi. Later after 27 years he is a grown and well established man with a family.

### **THE MESSAGE**

"No matter the grief life has to evolve, better days are ahead so never give up"

### **THE WORK EXPERIENCE**

-High level of cooperation and collaboration among the renewed memory members. -Sharing of ideas and quick implementation within a given short time.

-High team work levels among the different members yet some had seen each other for the first time. PERSONAL EXPERIENCE

-This project made us discover some of our hidden talents i.e. acting, movie directing, and idea generating and developing among others.

-It was also very challenging given the time given for the shooting and editing, there wasn't enough rehearsals but still the project became a success.

-The mentor was verbal and approachable, we learnt a lot from him for example how to work with young people through sharing ideas but also letting them take part in decisions being made.
